DW Twist Story 2

**LUXURY
SUITES
INSPIRATION**

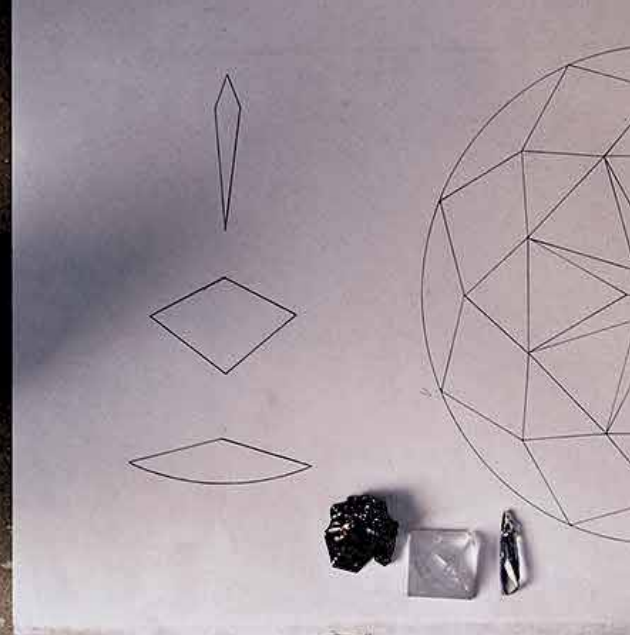

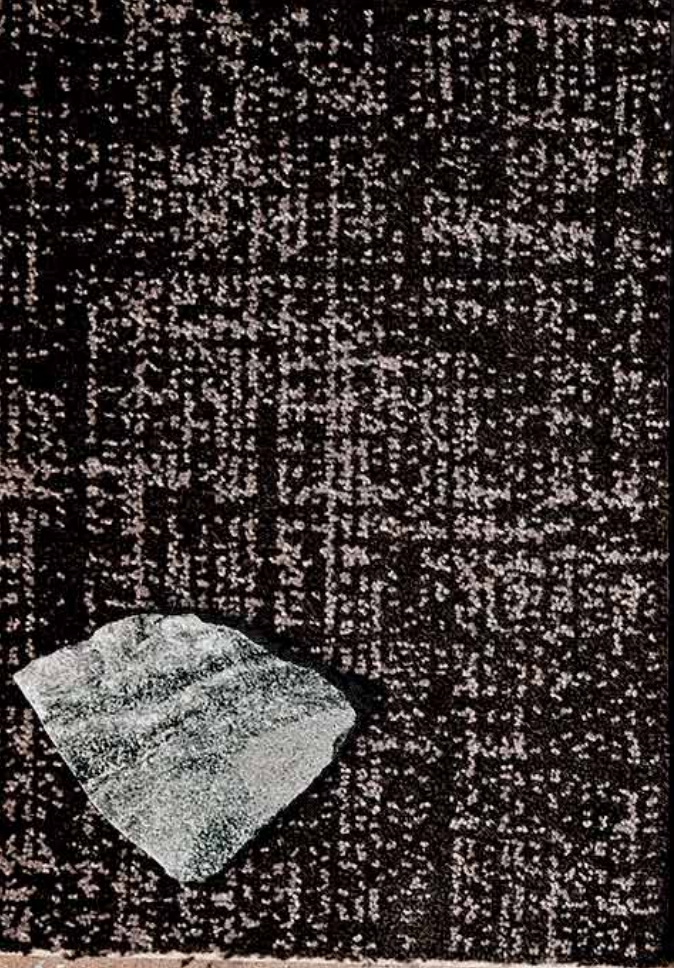

That little extra... When we launched the very first DW Twist Story, our customers received it exceptionally well.

Since then, we have delivered thousands of m2 to some of the most exquisite projects around the globe, adding that little extra luxury ...delivering the difference.

I am proud to present this new **DW Twist Story** created by our highly skilled design team.

ORNAMENT

Our new **DW Twist Story** lives in the space between two influences - Clean ornamental patterns and textures that are both geometric and organic.

Working with architects and designers on different projects is a constant source of inspiration and improvement. Since we launched our first DW Twist Story we have experimented with designs with more defined patterns and higher color contrast.

We are happy to present the result:
Cleanly defined designs with an extra touch of luxurious texture.
